

SERVICE BODY

The STAHL ChallengerST II Service Body (CST) is a rugged, highly versatile tool box on wheels. Its sleek exterior design includes full-height, lockable compartment doors; fully concealed door hinges and hidden drip-rails - standard features that enhance your company's image while protecting your tools and equipment from theft and the elements. Constructed of heavy gauge, powder coated Galvanneal steel, CST II bodies feature a minimum 44 cu. ft. of secure, sealed storage space. With a wide array of optional equipment including drawers, racks, compressors, generators, welders and more, you can easily configure the ChallengerST II to meet your specific application needs.

HIGH SECURITY / LOW MAINTENANCE

Fully hidden door hinges enhance security while their bolt-on design makes them maintenance-friendly

STRONG & DURABLE

Lock-bolt construction provides exceptional strength and durability at the same time eliminating the need for any cutting, welding and grinding which can allow corrosion to start

Body shown with optional Recessed Lighted Bumper and Aluminum Fuel Fill

STAHL

PROTECTION FOR VALUABLES

Keyed-alike locks on each compartment door keep valuables secure. Optional, push-pull bar locks with padlock tabs can also be added to provide a second level of security

LONG LASTING GOOD LOOKS

The service body exterior, compartment interiors and cargo area surfaces are finished in durable, corrosion-resistant white powder coat

Covered by STAHL's 5-Year "No Rust, No Bust" warranty

Full-height doors and large clear door openings allow quick, convenient access to tools and equipment

Fully hidden bolt-on hinges offer maximum security while making maintenance fast and easy
